Dear Parents & Carers

Parking in the gym car park and walking through the school car park

I am very disappointed to have to bring this to your attention again.

There is still a major issue concerning parents parking in the gym car park. I have been asked by the gym to reiterate that those spaces are private parking places for members of the gym only. Employees at the gym have received verbal abuse when requesting the gym car parking spaces are used for gym users only.

Please consider how you would feel receiving verbal abuse and also consider what sort of example you are setting your child who is hearing you deliver this abuse.

We, as a school, put our children's safety above all else and are very concerned that parents and carers are taking their children through the school car park.

For safety reasons, all children, with the exception of those who have prior permission from me, are not allowed in the school car park between the following times:

8:40 am and 9:10 am

3:00 pm and 3:25 pm

Parents and carers must bring their children into school and leave school via the upper gate at the top of the KS1 yard.

Yours sincerely

aramanandi
